2019 Student Outcomes

2019 Outcomes

Student Outcomes

We understand how important this decision is to change your career. Let's be honest, it can change your life! The 2019 Student Outcome Report is part of Skill Distillery's ongoing commitment to provide you with the skills you need to transition into the career you love. Skill Distillery provides you with an immersive, hands-on experience where you acquire critical coding skills to build a lasting career not only as a web developer but as a Full-Stack Java Application Developer. This report comes from our effort to be transparent and to tangibly illustrate the positive impact our full-stack development program is having on students in order to assist you in making a great decision.

How We Measure Outcomes

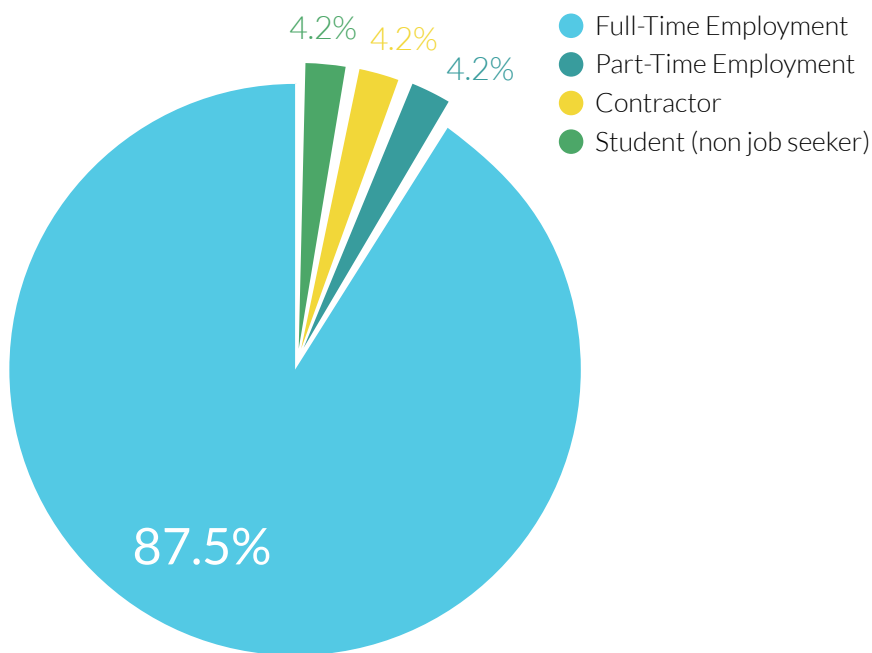

- We contacted all graduates within the reporting period, and only those who responded are reflected in the results.
- Many factors determine results, and Skill Distillery does not guarantee any job, salary, promotion or other career outcome.
- The reporting period is 1/1/2019-12/31/2019. Skill Distillery's graduation requirement states A student must pass 70% of their assignments, projects, assessments, and any other assigned work to graduate the program. The student must also adhere to the attendance requirements in order to be eligible for graduation.
- 91.6% of graduates accepted a job offer in the technology field within 180 days of graduating.
- 9.3 % of students accepted a job offer after 180 days for a total of 100% of the reported population working in the technology field.
- Skill Distillery graduates have gone on to work at top multi-industry companies such as Booz Allen Hamilton, Amazon, Home Advisor, BNY Mellon (Bank of New York Mellon), Google, Ibotta, Comcast

Our Program

“I got hired by Google as a software engineer after attending this bootcamp. Sure, I had to do some extra self-study to pass the interviews, but this school is the reason I was familiar enough with Java fundamentals to even get past the phone screen. Even after six months at the big G, my day-to-day work is still chock full of concepts that I learned at this school. In short, I cannot recommend Skill Distillery highly enough. Their curriculum is highly relevant to the industry. I could not have done it without them. the skills you need to transition into a career you love.” - Josh B.
