

2022

SKILL DISTILLERY OUTCOMES

HOW WE MEASURE

We contacted all graduates within the reporting period, and only those who responded are reflected in the results.

Many factors determine results, and Skill Distillery does not guarantee any job, salary, promotion or other career outcome.

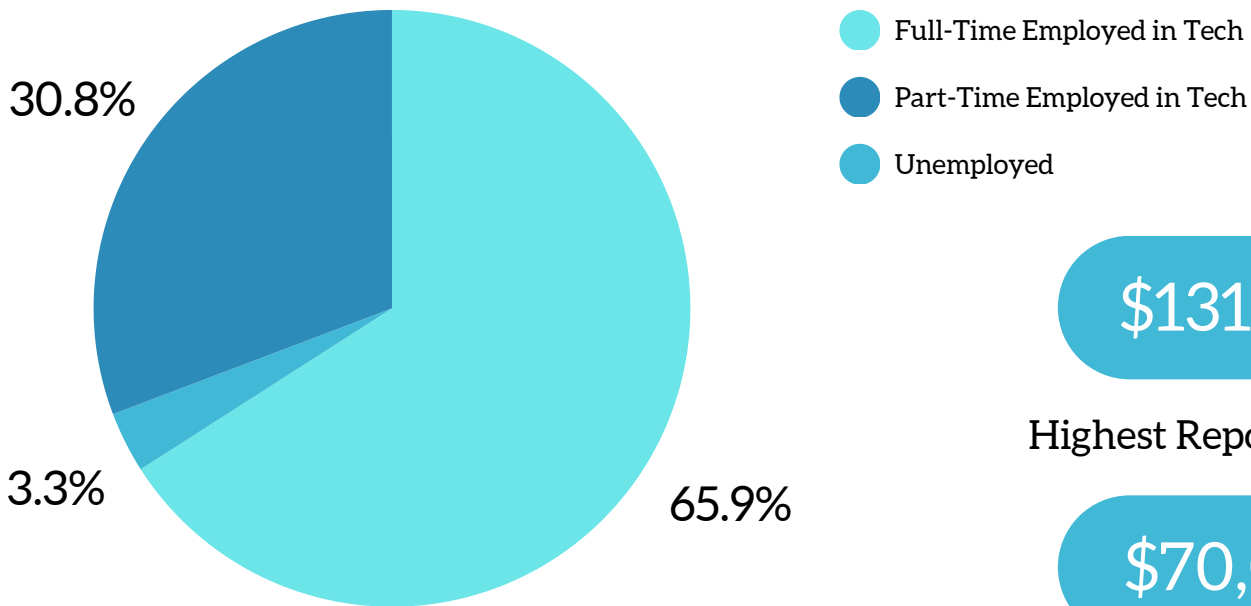

The reporting period is 1/1/2022 - 12/31/2022. Skill Distillery's graduation requirement states a student must pass 70% of their assignments, projects, assessments, and any other assigned work to graduate from the program. The student must also adhere to the attendance requirements to be eligible for graduation.

69% of graduates accepted a job offer in the technology field within 180 days of graduating.

3% of students accepted a job offer after 180 days for a total of 79% of the reported population working in the technology field.

STUDENT DATA

Our graduates are equipped with all the skills necessary to get a job in the tech market. We teach the most in-demand languages, provide students with interview preparation, and help with the job search.

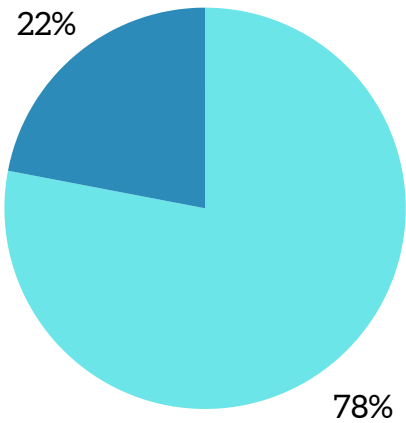

\$131,310

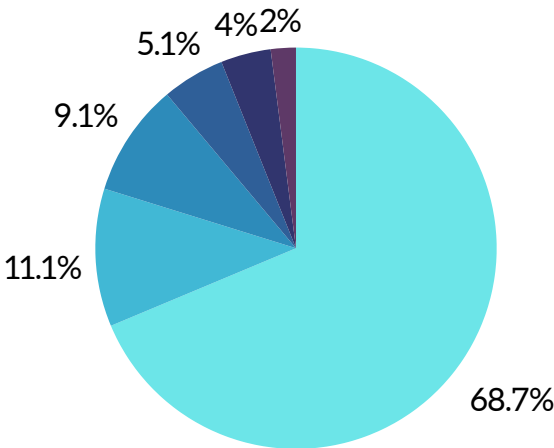

Highest Reported Salary

\$70,000
